COMPANY INTRODUCTION

2es Dačice v.o.s. has been in business since 1991 and differentiated its activities into several fields – one of which is exclusive glass production.

We are continuing the established tradition of making genuine hand-made glass. We believe that Bohemian glass art has an excellent reputation and we strive to achieve yet higher standard in quality and customer service. We offer a wide range of top-end quality products. In addition we are always happy to accommodate our customers, who prefer their own design, with custom made glass products or complete product lines. As we work with several talented designers we can ready designs fitting to customers needs.
